

WARNING

PLEASE READ ALL INSTRUCTIONS BEFORE ATTEMPTING INSTALLATION

- To prevent personal injury or product damage only licensed electricians should install.
- To avoid electric shock or component damage disconnect power before attempting installation or servicing.
- This product must be installed in accordance with the national electric code (NEC) and all applicable federal, state and local electric codes and safety standards.
- Disconnect product and allow cooling prior to servicing.
- Any alteration or modification of this product is expressly forbidden as it may cause serious personal injury, death, property damage and/or product malfunction.
- To prevent product malfunction and/or electrical shock this product must be properly grounded.
- This luminaire is designed to operate in ambient temperatures ranging from -40°C to 55°C and to be horizontally mounted with the LEDs facing down.
- This product must be installed in accordance with the applicable installation code by a Person familiar with the construction and operation of the product and the hazards involved.
- MIN 90°C SUPPLY CONDUCTORS.
- CONSULT A QUALIFIED ELECTRICIAN TO ENSURE CORRECT BRANCH CIRCUIT CONDUCTOR.
- CAUTION - RISK OF FIRE.
- This product is not available for several special environments, such as places with corrosive gas liquids or high pressure water vapor.

1. All electrical work must conform to the National Electric Code (NEC) and all applicable local codes and ordinances.
2. Sportsbeams lighting should only be installed by qualified personnel. Please ensure that you have verified the safety of any existing power distribution systems before beginning installation. Failure to follow Operating Instructions may lead to death, Severe Injury, or Property Damage.

Turn off power before performing any electrical or control work. FAILURE TO FOLLOW THIS WARNING MAY LEAD TO DEATH, SEVERE INJURY, OR PROPERTY DAMAGE.

DO NOT make or alter any open holes in the luminaire. Do not modify the luminaire.

Follow all applicable safety procedures and use Personal Protective Equipment such as hardhats, safety glasses, reflective vests, electrical safety gloves, fall protection equipment and safety toe boots during the installation, operation, and maintenance of the luminaire. FAILURE TO FOLLOW THIS WARNING MAY LEAD TO DEATH, SEVERE INJURY, OR PROPERTY DAMAGE.

NEVER Risk eye injury! Eye protection is required at all times during the installation, operation, and maintenance of the luminaire. The high intensity light produced by the luminaire can cause severe damage to the eye if viewed directly at close range. Avoid being in front of a luminaire that is on or wear suitable light blocking protective eyewear such as welding goggles. Store luminaires in a clean, dry place, protected from dirt, water, and sunlight.

Installation Guide

1. Drill appropriate knockout according to the size of the mounting bracket.
2. Once fixture is positioned, secure the fixture with screws tightly.
3. Make all necessary wiring connections, observing proper voltage and polarity. Ensure that wires are seated properly and not being pinched.
4. Once connections are completely made, carefully push all wires down into the housing and secure it tightly.
5. Using aiming sight to orient desired mounting angle.
6. Installation and service of luminaires should be performed by a qualified licensed electrician.

Single-Phase Non-Grounding: 3Ø 277V

3-Phase Non-Grounding: 3Ø 277/480V
